

PROJECT REPORT

RECIPE SHARING WEBSITE

Designed by Ayesha Usman (253498)

Project Name : Naturebites

Deploy link : <https://ayeshausman07.github.io/RecipeSharing/>

GitHub Url: <https://github.com/Ayeshausman07/RecipeSharing>

Authenticated User Data:

Email: erumkhan123@gmail.com

Password:123456

Admin User Data:

Email: uayesha8322@gmail.com

Password:123456

Core Tasks Successfully Completed:

- i. Secure User Authentication
- ii. Cloudinary-Based Image Storage

- iii. Seamless Add-to-Cart Functionality
- iv. Search & Filtering System
 - v. Favorite Recipes Management
- vi. Comprehensive Page Implementation

Additional Feature:

- i. **Recipe Categories:** Separation of paid and free recipes for better user accessibility.
- ii. **Recipe Podcast Card:** Engaging podcast feature to enhance the recipe experience.
- iii. **Admin Dashboard:** A dedicated panel for managing users, recipes, and platform settings.
- iv. **User Recipe Classes:** Interactive recipe sessions for users to learn and share cooking skills.
- v. **Recipe Voting System:** Users can vote for the next featured recipe, fostering community engagement.
